## EXPERIENCE

---

With over 25 years of experience, Launa Staehle, a Los Angeles based IATSE Local 44 Prop Master and Independent Art Director has the expertise, resourcefulness and drive you need for your next production. She has worked within a huge range of production styles, formats and parameters; throughout the United States and abroad. These diverse experiences have given Launa valuable skills and specialized insight into what each production's needs will be and a plethora of creative solutions to facilitate them.

Making imagined ideas and dreams become a reality on a screen, is more than a career for Launa; it is a passion. This passion fuels her profound drive and commitment to her craft. Whether building the time machine for *Great Minds with Dan Harmon*, creating giant slingshots for *Tosh.O*, providing period specific sports gear for *Colin In Black and White*, designing the Captain Latvia action figure for *Brooklyn Nine-Nine* or building the Kid Kits for *The Baby Sitters Club* this work is exiting and fulfilling, for Launa, on every show.

In conjunction with Launa's work on location and savoir faire, she is proficient in an array of mediums, genres and formats. Launa's ability to think outside the box and unique problem-solving abilities bring a fresh take to any production team. She has excelled at leadership and advisory roles in both the production and print worlds. Launa enjoys working in the collaborative environments that makes these projects successful.

With an extensive prop kit, including chairs and carts, Launa's 48' prop trailer is fully loaded and ready to roll. When you bring Launa onto your project, you will be impressed with her professionalism, experience and her enduring passion for her craft. As an essential part of your team, she ensures that your project is the best it can be. Launa always strives to surpass all expectations.

Launa is up to date on the new Safety Guidelines, Food Service Safety, Entertainment Fire Arms Permit (EFP) and the OSHA requirements for Safety Pass.

Each show has unique challenges and goals. Whether your show will help create a better world, make you laugh or simply be a brief escape from reality, Launa will approach it with the highest levels of conviction, grit and focus on delivering quality results.

A creative and resourceful problem solver, Launa looks forward to the treasure hunt and fabrication challenges that are unique to being a Prop Master. She loves creating reality from ideas and dreams, from script to screen. Her passion, knowledge and experience create an unparalleled drive to deliver superior results.

**Whatever you can imagine, Launa can make happen.**
